the latest edition of international economics improves and builds upon the popular features of previous editions the graphs tables and statistics are all updated and improved sections have also been added on the following topics new developments in international trade agreements and the latest round of international trade talks international financial crises a new section on current controversies in the international monetary system with impressive pedagogy learning objectives and summaries this clearly written book will be another winner with students of international economics and business

this book presents a fascinating story about how academia got it all wrong was it an academic conspiracy was it peculiar social pressures in academia regardless of how it all came about it is time to teach our children financial literacy instead of economics financial literacy is a course that prepares our children for success

in today's economic society typical economics courses do nothing to prepare your child for understanding day to day economic responsibility this book presents the reasons to join the battle it is time to stand up and demand relevant education from your state education system

the new world of economics 6th edition by richard mckenzie and gordon tullock represents a revival of a classic text that when it was first published changed substantially the way economics would be taught at the introductory and advanced levels of economics for all time in a very real sense many contemporary general audience economics books that seek to apply the economic way of thinking to an unbounded array of social issues have grown out of the disciplinary tradition established by earlier editions of the new world of economics this new edition of the new world will expose new generations of economics students to how mckenzie and tullock have applied in a lucid manner a relatively small number of economic concepts and principles to a cluster of topics that have been in the book from its first release and to a larger number of topics that are new to this edition with the focus of the new topics on showing students how economic thinking can be applied to business decision making this edition continues the book's tradition of taking contrarian stances on important economic issues economics professors have long reported that the new world is a rare book in that students will read it without being required to do so
